As autumn makes way for winter, we are gearing up for one of our busiest times of the year. Be inspired to wrap up warm and head out to explore the great outdoors on a leisurely winter's walk. When it comes to finding the perfect place to cosy up after braving those elements, we offer you a much welcome warm hug, roaring open fires, hot toddies and an amazing new winter menu, guaranteed to keep the cold at bay. Pop in and meet our gorgeous resident Labradors Max (8 years) & Jack (2 years) who love nothing more than to extend our Norfolk welcome in exchange for a stroke or two. We love the winter in Norfolk with its beautiful countryside sparkling in the frosty dew, the magic of the festive season and the stunning North Norfolk coastline bathed in January's early morning sunshine. Nick, myself, Max, Jack and all the team look forward to welcoming you. Lili Skerrett
